Additional costs

In addition to the Programme Fees payable to the University, you should budget for textbooks (this may well be in the region of £400 per year if you are taking four courses in one year) and tuition costs (if studying at a Recognised Teaching Centre).

You should also budget for the fee charged by your local examination centre. Examination centre fees are not included within the fees set out above. This fee will vary from centre to centre and you should contact your proposed examination centre(s) for details of their fees to factor them in to the overall cost of completing the programme. Using this link, you can find contact details for all our [examination centres](#). The University of London is only responsible for the examination centre fee charged at London centres. You will be charged £75 per sitting when using London examination centres.

Goods and Services Tax (GST)

The University is required to add Goods and Services Tax (GST) to registration and module/course fees paid by students resident in certain countries. Further information can be found on our [web page](#).

All student fees shown are net of any local VAT, Goods and Services Tax (GST) or any other sales tax payable by the student in their country of residence. Where the University is required to add VAT, GST or any other sales tax at the local statutory rate, this will be added to the fees shown during the payment process. For students residing in the UK, our fees are exempt from VAT.

When to pay

The non-refundable application fee is payable when you make your application. The closing date for applications is 1 October. If your application is successful, you will receive an offer inviting you to register.

The registration fee is payable in order to be registered with the University as a University of London student. The closing date for initial registrations is 30 November.

Computing and Information Systems / Creative Computing Fee Schedule

The examination fee is payable when you choose to enter an examination. Examination entries are accepted from mid-December to the closing date of 1 February. Examinations take place in May or June each year. The examination fee and dates also apply if you are re-entering the examination.

The continuing registration fee is payable in the second and subsequent years of registration at the time when you complete the continuing registration process. The closing date for continuing registration is 1 November.

A Work Experience transfer fee is payable if you complete the Work Experience entry route and transfer to the degree. In the year that you pay the Work Experience transfer fee, no continuing registration fee is payable. The closing date for transfers is 1 November.

A non-refundable application fee may be payable if you wish to have prior learning considered for accreditation on, or transfer to, the degree programme. You may make this application throughout the year.

An extension of registration fee is payable if you are permitted to extend your period of registration for a stand-alone Individual module. You may make this request throughout the year.

*A non-refundable late registration fee of £100 will be charged if payment is not received by the deadlines specified for initial or continuing registration.

How to pay

Details on how to pay your fees are available on the [website](#).

Generally, students whose fees are paid by sponsors will be expected to correspond directly with their sponsor regarding Programme Fees. The University can provide an invoice, if needed, upon request. Materials will not be despatched and VLE access will not be available until Programme Fees have been received.

Fee increases

Programme Fees are subject to annual revision and typically may be increased by up to 5% per annum.
