Additional costs

In addition to the Programme Fees payable to the University, you should budget for textbooks (this may well be in the region of £300 per year if you are taking four modules/courses in one year) and for the fee charged by your local examination centre. Examination centre fees are not included within the fees set out above. This fee will vary from centre to centre and you should contact your proposed examination centre(s) for details of their fees to factor them in to the overall cost of completing the programme. You can find contact details for all our [examination centres](#) on the website. The University of London is only responsible for the examination centre fee charged at London centres. You will be charged £81 per sitting when using London examination centres.

Goods and Services Tax (GST)

The University is required to add Goods and Services Tax (GST) to certain fees paid by students resident in certain countries. Further information can be found on our [web page](#).

All student fees shown are net of any local VAT, Goods and Services Tax (GST) or any other sales tax payable by the student in their country of residence. Where the University is required to add VAT, GST or any other sales tax at the local statutory rate, this will be added to the fees shown during the payment process. For students residing in the UK, our fees are exempt from VAT.
